SUSTAINABLE COMMUNITY STRATEGY ACTION PLAN 2009/10

This document is the Sustainable Community Strategy Action Plan for the Gosport Partnership. It is informed by the Community Strategy's 2026 Vision for Gosport and the Gosport Partnership Board.

This plan sets out the priorities from the Sustainable Community Strategy and improvement actions for which the Partnership Board is responsible. It is updated on a quarterly basis when progress information is sought from the Lead Officers by the LSP Coordinator, who also provides support to these officers.

It should be recognised that this Action Plan does not reflect the totality of actions which many individual organisations will be undertaking to contribute to the Sustainable Community Strategy and its priorities.

It also does not reflect the lobbying and influencing activity of the Gosport Partnership Board which will help to deliver 2026 Vision for Gosport.
